

§ 3591.1

mining plans, notices and orders and special stipulations.

(f) Obtaining the records of production of minerals and other information as necessary in order to verify that production reported to the Minerals Management Service for royalty purposes is an accurate accounting of minerals produced.

(g) Acting on applications for suspension of operations and production filed under § 3503.3 of this title and terminating such suspensions when conditions warrant. The authorized officer shall, upon request, assist in review of applications for suspension of operations and production on Indian lands which are filed under the provisions of 25 CFR parts 211 and 212.

(h) Upon receipt of a written request for cessation or abandonment of operations, inspecting the operations and determining whether they are in compliance with established requirements. The authorized officer shall, in accordance with applicable procedures, consult with, or obtain the concurrence of the State or Federal agency having jurisdiction over the lands with respect to the surface protection and reclamation requirements of the lease, license or permit and the exploration or mining plan.

(i) Acting on any mineral trespass on Federal or Indian lands in accordance with part 9230 of this title. The surface managing agency, if other than the BLM, shall be notified of any mineral trespass and the planned enforcement action.

(j) Implementing General Mining Orders and issuing other orders, making determinations and providing concurrence and approvals as necessary to implement or assure compliance with the regulations in this part. Any verbal orders, approvals or concurrences shall be promptly confirmed in writing.

Subpart 3591—General Obligations of Lessees, Licensees and Permittees

§ 3591.1 General obligations of lessees, licensees and permittees.

(a) Operations for the discovery, testing, development, mining or processing of minerals shall conform to the established requirements.

43 CFR Ch. II (10–1–08 Edition)

(b) The surface of lease, license or permit lands shall be reclaimed in accordance with established requirements. Lessees, licensees or permittees shall take such action as may be needed to avoid, minimize or repair:

(1) Waste and damage to mineral-bearing formations;

(2) Soil erosion;

(3) Pollution of the air;

(4) Pollution of surface or ground water;

(5) Damage to vegetation;

(6) Injury to or destruction of fish or wildlife and their habitat;

(7) Creation of unsafe or hazardous conditions;

(8) Damage to improvements; and

(9) Damage to recreation, scenic, historical and ecological values of the lands.

(10) Damage to scientifically significant paleontological and archaeological resources.

(c) All operations conducted under this part shall be consistent with Federal and State water and air quality standards.

(d) Inundations, fires, fatal accidents, accidents threatening damage to the mine, the lands or the deposits, or conditions which could cause water pollution shall be reported promptly to the authorized officer. The notice required by this section shall be in addition to any notice or reports required by 30 CFR part 56 or 57, or other applicable regulations.

§ 3591.2 Forms and reports.

The operator shall submit production and royalty forms and reports to the Minerals Management Service in accordance with 30 CFR parts 216 and 218.

Subpart 3592—Plans and Maps

§ 3592.1 Operating plans.

(a) Before conducting any operations under any lease(s), license(s), or permit(s), the operator shall submit to the authorized officer an exploration or mining plan which shall show in detail the proposed exploration, prospecting, testing, development or mining operations to be conducted. Exploration and mining plans shall be consistent with and responsive to the requirements of the lease, license or permit
